

Funding and Cost-Benefit Analysis Special Topic Group

We are excited to share with you the opportunity to shape our City's water future!
One Water LA announces the launch of our Special Topic Groups,
designed to discuss in detail topics in need of your input.

The **Funding and Cost-Benefit Analysis** Special Topic Group will meet with the purpose of

- ✓ Identifying funding opportunities for One Water LA,
- ✓ Reviewing our program's cost-benefit methodology, and
- ✓ Providing input on grants and funding opportunities we are currently pursuing.

The **Funding and Cost-Benefit Analysis** Special Topic Group will be discussing important issues such as:

- Grants
- Funding Partnerships
- Cost-Benefit Methodologies
- Models used elsewhere
- Appropriate model for One Water LA
- Existing Funding Structure
- Life Cycle Costs
- Imported Water Cost

The **Funding and Cost-Benefit Analysis** Special Topic Group will be asked to:

Create a list of funding opportunities.

Making recommendations on how One Water LA should pursue these funding opportunities.

Comment on the cost-benefit methodology to be used for One Water evaluation.

Identify groups and organizations interested in collaboration to secure funding.

Commitment from group members:

- Attend 3 meetings between February and June 2016 (2 hours each)
- Review materials provided ahead of time
- Actively participate in each meeting (and any follow on action items!)
- Provide update(s) on your group's progress at general stakeholder meetings

Commitment from One Water LA Team:

- Provide a facilitator from the One Water LA team to ensure that meetings are well organized, meeting objectives are met and everyone is able to participate effectively.
- Have representatives from LASAN and LADWP on hand to answer questions and participate with you.

For more information please email us at OneWaterLA@lacity.org.
