

Emergency Sewer Repair Project North Outfall Sewer Rehabilitation Unit 30 NOTICE OF UPCOMING CONSTRUCTION ACTIVITY

Background

LA Sanitation & Environment will soon begin rehabilitating an existing sewer line in your area. The City's sewer system requires regular maintenance, which may include cleaning, repair, rehabilitation, and replacement. These sewers are important because they carry wastewater to the Hyperion Water Reclamation Plant in Playa del Rey. This project will increase reliability of the sewer system and protect the environment for decades to come.

This is an EMERGENCY SEWER REPAIR PROJECT. The sewer is urgently in need of repair due to age and deterioration.

Summary

Rehabilitation of sewer pipeline will include:

- Spot repair of sewer pipes at two locations
- Contractor will rehabilitate existing sewer pipeline via pit access points
- Excavation and removal of underground soils throughout operations

Work Hours and Location

Time: Monday through Friday, 7:00 a.m. to 4:00 p.m.
When: Summer 2019-Winter 2019
Where: Intersection of Woodbridge Street & Agnes Avenue
Intersection of Woodbridge Street & Bellingham Avenue
