SEC. 64.30. INDUSTRIAL WASTEWATER DISPOSAL.
(Amended by Ord. No. 183,756, Eff. 8/11/15.)

A. General Provisions.

1. **Policy.** It is the policy of the City of Los Angeles to assure that the highest and best use of the Publicly Owned Treatment Works (POTW) is for the collection, treatment and disposal of domestic wastewater. The use of this system for industrial wastewater is a privilege which is subject to the requirements of this section.
2. **Objectives.** This section sets forth uniform requirements for dischargers to the POTW. Through a permit and inspection program administered under the jurisdiction of the Board, the City seeks to comply with all applicable State and Federal laws.

D. Fees and Charges.

1. **Purpose and Disposition.** It is the purpose of this subsection to provide for the recovery of City costs associated with the discharge of wastewater to the POTW. All fees and money collected by the City pursuant to the provisions of this section shall be deposited into the Sewer Construction and Maintenance Fund established by Section 64.19.2 of this Code. Monies required hereunder to be deposited into that Fund shall be expended for the purposes set forth in said section and to provide for any appropriate refunds relative to such fees.

Quality Surcharge Fee (QSF)

- assessed for IW with higher than domestic strength of Biochemical Oxygen Demand-BOD (>265 mg/l) and Suspended Solids-SS (>275 mg/l)
- pays for the removal of the required waste treatment and removal of the increased wastewater strength

$$C = V[a(SS - DSS) + b(BOD - DBOD)]k$$

C = Quality Surcharge Fee

V = Average Daily Flow

SS = Suspended Solids in mg/l

BOD = BOD in mg/l

DSS = Designated SS in mg/l = 275 mg/l

DBOD = Designated BOD in mg/l = 265 mg/l

a = verifiable cost assessed per pound SS

b = verifiable cost assessed per pound BOD

k = (365 x 8.34) / 1,000,000

Effective Date	\$/ # BOD	\$/ # SS
