

#### **DID YOU KNOW?**

*In addition to Santa Monica Bay (above), Los Angeles has three more watersheds — LA River, Ballona Creek and Dominguez Channel — that cover 1,400 square miles in Southern California.*

## HOME MAINTENANCE **TIPS** that help protect **LA** watersheds

### **KEEP THE CURB CLEAN**

Pick up trash and debris from the gutter in front of your home.

### **CONSERVE WATER**

#### **— USE A BROOM**

Don't waste water to hose off your driveway or sidewalk.

### **BE AN EARTH STEWARD AT HOME**

Use less-toxic products. Take unused household hazardous products to a City of Los Angeles S.A.F.E. Center. Visit [lacitysan.org/safecenters](http://lacitysan.org/safecenters) for more information.

### **PICK UP AFTER YOUR PET**

Always take a bag when you walk your dog and put pet waste in the trash. City of LA residents can request a canister of free dog waste bags by visiting: [lacitysan.org/dogwastebags](http://lacitysan.org/dogwastebags).
